AIR CONDITIONING

“ The experts way ”

About Us

The key to our success is using professionalism and integrity to provide clients with utmost satisfaction in the products & services we provide...

Airxperts Airconditioning have been in the business of keeping people cool since 1992. Due to our steady growth over the years and growing customer demands, we recently decided to merge with our sister company 'Sydney Climate Solutions'. We know the tricks to keep your temperature down.

We offer a wide range of products & services, from air condition supply and installations to your mechanical ventilations, through to your everyday filter checks. With a team of highly qualified, experienced trades persons and technicians, Airxperts Airconditioning is a dynamic progressive company you can trust.

As specialists in air conditioning we understand the requirements and limitations alike in both residential and commercial environments. Whether designing

an air conditioning solution to work with your existing home, renovation plans or commercial premises we can combine our experience in order to achieve all your needs!!

Our prices can't be compared!! We offer the best all round air conditioning services in town.

Philosophy

Success factors

The key to our success is using professionalism and integrity to provide clients with utmost satisfaction in the products & services we provide. Customer service is the most important factor of our company. At Airxperts, we take pride in our products and services. We are negotiable in all areas of our design and quotation service. Our payment terms are easy and negotiable. Indeed we pride ourselves on our integrity and our word is better than our signature. We are more than happy to make appointments outside these times, at your convenience.

Business Philosophy

At AirXperts Airconditioning our philosophy is to make the needs of our customers our main priority. It is our mission to provide our customers with fast turnaround, exceptional quality, unparalleled customer service and competitive pricing. All whilst remaining resolute in providing a prompt 24 hour, seven days a week service.

Our technicians maintain the utmost diligence when doing any kind of job, as we understand the urgency of getting an air conditioner done timely with little or no disturbance to your normal routine.

Mission and Aim

Our Aim is to install and maintain the highest quality, value for money, Air Conditioners which meet all the needs of our domestic, industrial and commercial clients. We envision a relationship with all our clients that maintain longevity and prosperity for all stakeholders. We make it our mission to ensure that:

- We provide a first class workforce that is trained to current industry standards
- We provide Clients with a fast turnaround
- We provide clients with competitive prices that sustain their bottom line

Values and Guide Lines

For any quote enquiries, don't hesitate to call us on 02 9681 4050.

We guarantee to have the job done within your time and budget. Whether it's a simple split system air conditioner, or commercial ducted unit, our team of fully qualified technicians and support staff are here to help!!

Residential

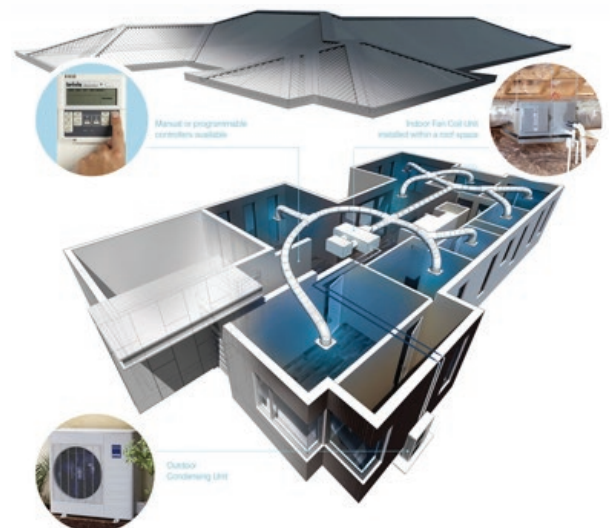

Today's homes are increasingly large and vary substantially in design. This presents the technicians with greater challenges than ever before, challenges to which Airxperts are equal!

We service and install for all types of homes ranging from;

- Single story homes
- Double story homes
- Units & apartments
- Villa's
- Townhouses
- Duplexes
- and even cottages

Our residential product range includes:

- Split Systems
- Multi-Split Systems
- Ducted Systems
- Bulkhead Systems

Commercial

We provide quality commercial air conditioning services throughout NSW.

Airxperts provide a full range of air conditioning services to light commercial and industrial premises;

- Offices
- Apartment blocks
- Aged care facilities
- Schools
- Hotels
- Clubs
- And many other small commercial properties

Climate control is one area that needs thorough consideration and planning. You need a reliable and efficient commercial air conditioning system, and this is where we come in!

We provide quality commercial air conditioning service throughout Sydney. We commit to fast and excellent services without compromising the values we have built for the many years we have been in the industry

Commercial Installation & Maintenance

We have a team of knowledgeable consultants who can give you advice regarding your commercial air conditioning needs. They provide highly efficient solutions that deliver long-term results and the best value to your investment. Our consultants are happy to design a tailor-made system that satisfies your specifications.

In order to best evaluate the maintenance requirements on a commercial site we initially conduct a thorough inspection to familiarise ourselves with the equipment. This could include;

- Refrigeration
- Air Conditioning
- Ventilation
- Building Management Systems
- Commercial Dryers
- and more.

We then submit a comprehensive proposal to the client containing recommendations on any immediate repairs, design improvements and ongoing preventative maintenance which will improve the efficiency and longevity of this critical capital equipment.

- Scheduled maintenance programs
- 24 hour breakdown service
- Supply and installation
- Energy efficiency audits and improvement measure

Accountability

We demand accountability of anyone associated with Airxperts Airconditioning through being responsible for our actions, attitudes and opinions.

Commitment

We shall remain resolute in our commitment to complete each project, on time, and under budget

Safety

We will provide for the safety of our people and yours, through professional training and ongoing supervision

Clientelle

AirXperts provides quality air conditioning solutions to a broad range of clients across many different industries.

Retail

Cafes, Take-away's, Coffee Shops, Seafood Markets, Butchers and Restaurants all number among our clients. With rising energy and refrigerant costs it is imperative that these businesses can rely upon us to ensure that the integrity of their Air Conditioning equipment is maintained and operating at its optimum efficiency.

Hotels, Motels, Schools & Community Centres

Our proven capability in Commercial Air Conditioning and Ventilation positions us as one of the region's leading providers to the Hotel and Community/Sporting Club sector. Our expert ability to tailor the right solution to the right job is unparalleled. Be it a complex mechanical exhaust system for a hotel, or an economical multi-split system for a school, at AirXperts we won't rest until we find the right solution for our clients.

High Rise Apartments & Units

Apartments come in many different shapes, sizes, ages and installation challenges. Proper planning before you install your air conditioner is very important.

Commercial Buildings

Commercial showrooms and offices are high human occupation environments which require not only year round temperature control but compliant levels of fresh air infiltration and kitchen and toilet exhaust. Our engineering capability in Commercial Air Conditioning and Ventilation systems ensures optimum human comfort and indoor air quality at all times.

Medical Centres and Aged Care Facilities

Medical Centres have some very unique requirements which are beyond the scope of many HVAC&R companies. Airxperts successfully addresses challenges such as these on a regular basis. Individual temperature control for each zone or room is commonly required with these facilities in order to accurately sense and control zone temperature.

Products

Domestic Range

At Airxperts Airconditioning we exclusively source and recommend products of the highest quality in order to ensure the maximum achievable degree of energy efficiency and longevity of life cycle. Our domestic brand range includes, but is not limited to the following;

Commercial Range

When it comes to Air Conditioning, our approach is to match the product specification to the customer's specific requirement in order to provide the optimum comfort and efficiency which is why we supply several different high quality brands. Our Commercial brand range includes, but is not limited to the following;
